## ΕΠΙΔΙΩΚΟΜΕΝΟΣ ΣΤΟΧΟΣ ΜΑΘΗΜΑΤΟΣ / COURSE GOALS

The aim of the course is to provide students with the opportunity to develop a strong conceptual framework for analysing organisations, evaluating the role of managers in contemporary organizations and managing change. The course introduces numerous theories dealing with organizational structure and culture, groups and leadership, technology and innovation, management learning and problem-solving. These theories are used as resources for handling effectively case studies and role-play exercises.
